FOREWORD

D.Y.PATIL College of Engg. & Tech., Kolhapur commenced in the year 1984. In the past thirty three years we have progressed well and will continue to do so in the near future.

To assist the management to execute the policies, this concise handbook has been drawn which covers issues related to human resource management. It defines the rules that staff have to abide by, the code of conduct and their responsibilities toward the institute. It also states the staff rights and motivation policies to encourage them to work to their best potential.

I am sure this staff policy document will be useful to all staff. I profusely thank Maharashtra Government Legislation and University of Kolhapur who set clear rules and guidelines to be followed.

I acknowledge the exemplary team effort by staff members of D.Y.PATIL College of Engineering who have assisted in preparation of the Staff Policy Document. Their inputs and ideas have ensured that all points have been covered.

The Management then determines if the vacancy is to be filled through in-house staff or a new employee has to be selected. As far as possible the Management will ensure that all existing employees are given the opportunity to apply for new vacancy if they so desire. Screening of the candidate for advertised post is important. Definite guidelines are to be followed for calling the qualified candidate. Head of the Department calculate the Human resource requirement:

iii. Filling in of temporary vacancy:

Where vacancy of a teacher is to be filled in temporarily for a period not exceeding one term the Registrar, on the recommendation of the Principal, initiates the process of temporary appointment.

iv. Creating a New Position:

Description of a new position must be completed by the Head of the Department and submitted to the Principal, who reviews and assigns the most appropriate title according to the job specifications in consultation with the competent authority. Reclassifications of vacant positions can be requested at any time during the academic year. If a classification is chosen which is not on the current pay plan, a pay grade will be assigned based on available market data. As far as possible, post titles should match with All India Centre for Technical Education, Directorate of Technical Education and Shivaji University nomenclatures.

Teaching and Research are the main functions assigned to any institute. Teaching is a prime function and needs to be performed at the highest level of competence that is possible only when the faculty is involved in the research activity. Research is an original contribution to the existing knowledge and is the pursuit of truth with the help of study, observation, comparison, experiment, collection of facts or data and analyzing the facts. The conclusions are reached either in the form of solution(s) towards the concerned problem or in certain generalizations for some theoretical formulation. In short, the search for knowledge through objective and systematic method of finding solution to a problem is research. Research essentially nourishes the academic program and such engagement helps teachers to remain at the cutting edge, with advances in their own subject. It also sustains the interest in academic activities and widens the scope of learning. Importantly, it helps the institute to stand at the global level.

19.6 Norms for organizing seminar, conference etc. in the Institute:
