PROLOGUE..... (PROFESSION)

Jirge Consulting Services.

We are a firm practicing Architecture, Civil Engineering, Interior designing and landscape designing offering comprehensive services in the field of Architecture since **1991**. During the last seventeen years we have completed the works of some prestigious Architectural projects.

Some of the fundamental values that our architectural beliefs stem from the stand point of providing best Architectural solutions for the client's requirements within the prescribed budget. **Exploiting available prevailing technologies and material** to best express the aspiration of the client within his available economical capacities, has been focus of our works. The practice attempts to conceive buildings and its environment (Interiors and exteriors), the Built and un built spaces as a **meaningful Architectural expression**.

During past recent years new dimension of **Green building concepts** have been explored in some of residential projects. The Green building concept tries to adopt a strong approach in favor of **Ecofriendly** and **Energy Efficient** architecture. We have experimented with **Climate responsive** concepts such as proper orientation, insulation, stack effect, day light harvesting, wind harvesting, rain water harvesting, and Landscaping etc.

The design work and projects are seen as opportunities to explore and orient in this particular direction in Architecture.

PROLOGUE..... (ACADEMIC)

In the field of academics the focus has remained on orienting the student towards **better understanding of qualitative Architectural spaces** which is essential in making of an successful Architect.

The tools which are used are: -

- Exposure through site visits, case studies and architectural tours.
- Through slide shows of personal professional works.
- 3 Dimensional models during design studio.
- Use of virtual models for understanding of design concepts
- Equipping and updating the students with latest technological and design trends in the field through various mediums.
