

D. Y. Patil College of Engineering & Technology, Kolhapur.

Department of Computer Science & Engineering

Department Advisory Board

Action taken on the minutes of the meeting of previous DAB held on 29th June 2019

1. Conducted meeting to aware faculty about setting PEOs, POs, PSOs and COs.
2. Bloom's taxonomy keywords are considered and used in PEOs, PSOs and COs.
3. Generated course file through Gems ERP software.
4. At the start of semester, Course coordinator is appointed and Subject teachers and course coordinator through brain storming session finalized COs of their subject.
5. One modification was suggested in first PO, as instead of the word "CSE" include word "Computer Science & Engineering problem". In brain storming session conducted for faculty members dated 20/7/2019, after discussion all agreed for it and accordingly correction were done.
6. Student Faculty ratio of department is 1: 16.99.
7. Already we conduct online video conferencing through A-View class room (301) for conducting IIT workshops.
8. We take employers feedback after every four years.
9. We have set process to find weak students.
10. Subject teachers of elective subject conducted orientation programme for elective marketing before starting the semester and depending upon hits, subject co-ordinator offered elective to students.
11. Subject teachers finds out gaps in curriculum and Class coordinators organized workshops, guest lectures and seminars accordingly to bridge the gap.
12. As per the suggestion by one of the DAB member, we have decided to give 'interactive classroom' project to the next year student as it could not be done currently because of time constraints.
13. Created "Youtube" channel and asked faculties, students and alumni to upload verified lectures, presentations and project report.
14. We have asked students and faculty to qualify GATE.
15. Issues related to Principal and management was conveyed to appropriate authority.
