Item No. 2: Suggestions on Curriculum of Final Year Chemical Engineering

Discussion: Dr. R. D. Mahajan presented prepared syllabus structure and content through power point presentation. He also explained credits decided and allotted as per decision made by academic council. Dr. S.V. Anekar sir appealed to give more emphasis on advanced separation Process and its lab work. He has suggested to buy more equipments and add more practical regarding Micro filtration, Pressure Swing Adsorption and Hydrodynamic Cavitations being it's a important aspect of upcoming future. Dr. Ratndeeep Joshi suggested to think upon addition of AI in chemical Engg. Dr. Anekar sir also mentioned to add Nano technology as a Professional Elective Course as it is having bright future. He also added to include Transport phenomena in 7th semester & MSCE in 8th semester. He has appealed to think about weightage of 60% & 40 % for CIE & ESE.

Resolution: All faculties noted changes suggested and assured to accommodate changes suggested at level best.

Item No.3: Review on last academic Results, Placements, Project selection process, Internship and feedbacks on curriculum.

Discussion: Dr. R. D. Mahajan has been reviewed and mentioned class wise last results of last exams , 62 placements of final year students, Project selection process, Internship to S.Y. & T.Y. Chemical students and feedbacks on curriculum and it has acknowledged by all BOS Members.

Resolution: BOS Members appreciated results & placement figures and suggested to decide pattern of Project work monthly & Evaluation scheme in detail. Project In-charge Dr. S.K. Tumram sir have noted it and will implement all changes suggested by BOS Members.

Item No.4: Discussion on Open electives for Pre-final Year Chemical Engineering and review on theme of Minors & Honors courses planned.

Discussion: It has discussed along with all BOS members; All members appreciated & agreed chosen theme for Open elective courses. Despite of that they have also added to think upon Nano Technology, Precursor of AI & Process data analytics. Chairman will take final decision.

As far Minors & Honors concerned; Dr. Sanjay Mahajani appreciated chosen themes and also suggested some themes like Biochemical & Biotechnology Engineering, Energy & Science & Engineering as well Environmental Science & Engineering can be taken as Minors and For Honors; Energy Engineering & Managements & Wind Power Engineering. Whereas Dr. S.V. Anekar also appreciated Process Safety Engineering Selected by department.

Resolution: It has decided that BOS Chairman will take meeting with faculty and would finalize Themes for Minors & Honors with consideration of Academic Council of the institute.

Item No.5: Any other points rose by Respected BOS members in meeting

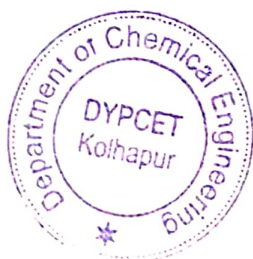

Suggestion by BOS members on Implementations of NEP & PEC for Third Year Chemical Engg.

Discussion :- It has suggested by Dr. Anekar sir that, AI in Process industries can be taken as PEC which is having good scope in industries. It has also suggested to think upon implementation of possible aspects of NEP (National Education Policy) in curriculum.

Suggestion by BOS members on allotment of AI related or any new subjects to senior faculty.

Discussion :- It has suggested by Dr.Sanjay Mahajani & Mr. Ramesh Patil, that, AI related course should be added and it must be allotted to AI related or any new subjects to senior faculty should be initiated in order to give more emphasis on its future applications in Process Industries.

The meeting was concluded with vote of thanks by **Dr. R. D. Mahajan.**
